WELCOME to Johnstown High School! As we begin the new school year we encourage and support the thorough review of the enclosed policies and procedures. These guidelines are to be used to assist parents, students and staff on the overall expectations for students in our school community. The procedures and rules are set to provide students with the safety, security and welfare they each so richly deserve. The staff of Johnstown High School is anxiously waiting to provide the best education for a rewarding and positive school year! We encourage parent participation in the education of our youth. If you are interested in supporting our students, please contact the school office. *This handbook supersedes all prior handbooks and other written material on the same subjects.*

JOHNSTOWN-MONROE HIGH SCHOOL MISSION STATEMENT

The mission of Johnstown-Monroe High School, as an integral part of the community, is to inspire students to value learning, think critically, and develop integrity as they assume responsible roles in our ever-changing society.

EQUAL EDUCATIONAL OPPORTUNITY

This District provides an equal educational opportunity for all students pursuant to Board Policy 2260. Any person who believes s/he has been discriminated against, while at school or a school activity, should immediately contact the school district's compliance officers. **STUDENT**

RIGHTS AND RESPONSIBILITIES

As a student at Johnstown-Monroe High School, you are expected to be aware of and to accept your individual responsibilities in the following areas:

STUDENT RESPONSIBILITIES

The school's rules and procedures are designed to allow students to be educated in a safe and orderly environment. Students are expected to follow staff members' directions and obey all school rules.

The staff expects students to arrive on time and be prepared to participate in the educational program. In order to keep parents informed of their child's educational progress, parents will be provided with information on a regular basis and as concerns arise either through the online system or via consultation. At times, it will be the responsibility of the student to deliver the information. The school may use email, the US Postal Service mail, telephone or hand delivery to make every attempt to contact parents. Parents are encouraged to communicate with their child's teachers and support staff.

INJURY AND ILLNESS

All injuries must be reported to a teacher or the office. If minor, the student will be treated and may return to class. If medical attention is required, the office will follow the school's emergency procedures.

A student who becomes ill during the school day should request permission from the teacher to go to the office. The school nurse, the high school principal or designee will determine whether or not the student should remain in school or go home. **No student** will be released from school without proper parental permission.

SECTION I: GENERAL INFORMATION

TRANSFER

Students who plan to transfer to another school must have their parents notify the principal. Mandated school records will be transferred within fourteen (14) days of receipt of the request.

IMMUNIZATIONS

Students must be current with all immunizations required by law. Ohio law requires all students to be in compliance with the immunization requirements by the 14th day after entering school. The student who does not meet the requirement after the 14th day will be excluded until requirements are met. Any questions regarding immunizations and exemptions should be directed to the school nurse or the Licking County Health Department.

HEALTH SCREENING

The district is concerned about the welfare and progress of children in the school. In an effort to consider your child's educational needs, the school conducts a variety of health screenings under the supervision of the school nurse and/or speech/language pathologist. You will be notified if a screening indicates problems or if there is a need for further medical advice. ***If you do not wish your child to participate in any of these screening programs, please contact the school principal immediately.*** Screenings include:

- speech/language screening
- vision & hearing screening

EMERGENCY MEDICAL AUTHORIZATION

State law requires all students to have an Emergency Medical Authorization Form completed and signed by his/her parent or guardian. Emergency Medical Authorizations shall be completed electronically prior to the start of each school year.

MEDICATIONS

Before a student can be given any prescribed medication, we must have on file a request form signed by both parent/guardian and a doctor. Before any non-prescribed medication or treatment may be administered, we must have on file written consent of the parent along with a waiver of any liability of the District for the administration of the medication. Only over-the-counter medication in its original container labeled with the date and prescriptions with the student's name and exact dosage will be administered.

STUDENT RECORDS

Student records are confidential and protected under the Family Educational Rights and Privacy Act (FERPA). Access to student records will be in accordance with FERPA requirements. The District may disclose, without consent, "directory information." The school classifies the following information as "directory information" and as such it will be disclosed without prior consent: student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, date of graduation, and awards received. Parents must contact the school office within the first two weeks of the beginning of the school year or within the first two weeks of enrolling in Johnstown-Monroe Local Schools to request that the school not release any of the above information about the student without the parent's prior written consent.

SEARCH AND SEIZURE

School authorities are charged with the responsibility of safeguarding the students in their care. In the discharge of that responsibility, school authorities may search the person or property (including vehicles, purses, knapsacks, gym bags, etc.) of a student, with or without the student's consent, whenever they reasonably suspect that the search is required to discover evidence of a violation of law or of school rules. The extent of the search will be governed by the seriousness of the alleged infraction and the student's age. General housekeeping inspection of school property may be conducted with reasonable notice.

Student lockers are the property of the Johnstown-Monroe Local Schools, and random searches of lockers and their contents may be conducted. Unannounced and random canine searches may also be conducted.

STUDENT FEES

Johnstown-Monroe High School charges specific fees for certain activities and courses. Such fees or charges are determined by the cost of materials, freight/handling fees, and add-on fees for loss or damage to school property.

Student fees are required to be paid annually. Unpaid fees will be accumulated from year to year and will be carried forward from building to building. All fees must be paid prior to participation in graduation exercises, or withdrawal from the district. When a parent is withdrawing a student, or for high school graduation purposes, (including participation during commencement exercises) they must pay with cash or money order before records are released or graduation. At all other times, fees may be paid by check or cash. On-Line payments can be made through EzPay for School. To access EzPay for Schools and register, please go to the link provided on the district web site. <http://www.johnstown.k12.oh.us>

- Fees are due by October 31st. Students with unpaid fees after this date may not be permitted to attend certain functions of the district, including, but not limited to, Homecoming, Prom, clubs and field trips. Students are deemed ineligible for functions as of November 1st. Fees can continue to be paid after this date, and the student will be deemed eligible again as of the date all fees are paid IN FULL.

Seniors with unpaid fees at the time of graduation may not be permitted to walk in the graduation ceremony.

- Pay-to-participate fees for extra-curricular activities WILL NOT be accepted by the district until after all academic fees and dues are collected.
 - Fall Sports: All academic fees and dues from PRIOR school year must be collected prior to paying participation fees for current year. If all CURRENT school year academic fees and dues are not paid by October 31st, the student will be deemed ineligible as of November 1st until fees are paid.
 - Winter/Spring Sports: All academic fees and dues through CURRENT school year must be paid before participation fees will be accepted and students are eligible to participate.

Therefore, students will not be permitted to participate in these events unless all prior year's fees and the applicable pay-to-participate fees are collected.

- Students who pay a pay-to-participate fee for an extra-curricular activity and subsequently voluntarily quit the activity or are removed from the activity for academic or disciplinary reasons WILL NOT be eligible to receive reimbursement of any portion of this fee.
- Payment plans will be accepted in rare circumstances and are subject to the approval and terms set at the discretion of the Superintendent and/or Treasurer.

Students are responsible for the care of their lockers and will be charged for damages. Students will find that their lockers will operate optimally, and their belongings will be kept safe if they follow the following precautions:

1. Do not share your combination with anyone.
2. Do not modify your combination locker in any way to allow for easier access.

STUDENT RESTROOMS

The building administration will develop and communicate restroom usage rules and guidelines for the safety and well-being of all students and may make adjustments as necessary. There should never be more than one student in a stall at any time for any reason and restrooms should not be used as gathering spaces. Students not using the restrooms in accordance with the rules and guidelines may be subject to school discipline.

CELL PHONES, BACKPACKS, PURSES, BAGS, OUTERWEAR, ETC.

Students will be required to place all cell phones, backpacks, purses, bags, outerwear, and other non-instructional personal belongings in the locker that has been assigned to them before the first period of the day, or upon entering the building if the student arrives after the school day begins. These items shall remain in each student's locker until the end of the school day, or until that student signs out of the building. Students will be permitted to visit their lockers before and after the school day, between class periods, or with permission from a staff member. Questions regarding what is required to remain in lockers during the school day shall be directed to a building administrator.

STUDENT VALUABLES

Students are encouraged not to bring items of value to school. Items such as jewelry, expensive clothing, electronic equipment, and the like, are targets for theft. The school is not responsible for such items' safekeeping and the school is not liable for any loss or damage to personal valuables.

EMERGENCY CLOSINGS AND DELAYS

If school must be closed or the opening delayed because of inclement weather or other conditions, district officials will notify area radio and television stations. Parents will also be notified by the Auto Call Telephone Notification System.

Parents and students are responsible for knowing about emergency closings and delays.

Early Dismissal (PM)

In the event that a school must dismiss early, notice will be made via the methods listed above and high school students may be dismissed as soon as the decision has been made.

VISITORS

To avoid interruption of the educational process, students may not bring visitors to school during the regular school day. Visitors, particularly parents, are welcome at the school. State law requires that **any person visiting the school must report directly to the office to sign in and obtain a visitor's pass**. Parents who wish to observe learning activities taking place in their child's classroom are to confer, in advance, with the principal and the teacher.

NETWORK AND INTERNET GUIDELINES

Internet access is available to High School students. Each student and his/her parents must sign an agreement to use this resource. The purpose of the agreement is to provide the student access to the Local Area Network/Internet for educational and administrative purposes. Each student must have an account if they wish, for any reason, to use the computer or Internet. Because there is no charge for the account, printing is restricted to educational purposes *only*. Misuse of technology *may* result in disciplinary action as deemed appropriate by the administration.

HALLWAY PROCEDURE

Any student who is outside the classroom after the tardy bell has rung must have a note or hall pass from a staff member. It is the student's responsibility to obtain a pass prior to leaving the classroom. Students may not leave the room without a pass.

LOST AND FOUND

The lost and found area is located in the high school office. If you have lost an article, please come to the office and describe that item for identification. Please bring items found to the office so that others may have an opportunity to reclaim them.

STUDENT SALES

No student is permitted to sell any item or service in school without the written approval of the principal. Violation of this rule may lead to disciplinary action.

USE OF TELEPHONES

School telephones are not to be used for personal calls. Except in an emergency, and at the discretion of school staff, students will not be called to the office to receive a telephone call.

ELECTRONIC COMMUNICATION DEVICES

Students are not permitted to carry ECD's on their person throughout the school day. The ECD must be stored in the student's locker and is not to be used during class time without the expressed consent of the classroom teacher and approval by the principal.

ADVERTISING OUTSIDE ACTIVITIES

No announcements or posting of outside activities will be permitted without the approval of the principal. A minimum of twenty-four hours' notice is required to ensure that the principal has the opportunity to review the announcement or posting. No commercial advertising will be permitted without the written permission of the Superintendent.

DRIVING POLICY

Driving on to school property is a privilege that can be revoked at any time. Students and their parents assume full responsibility for transportation to and from school. Students and parents must complete an application to drive on school property prior to a student driving on school property. Students will drive in a responsible manner in the parking lot and will enter and exit the lot as directed. ***The speed limit is 15 MPH. Violators will be subject to discipline by the administration.*** Discipline will be based on the severity of the offense and may include suspension from school and/or revocation of driving/parking privileges on school grounds.

STUDENT PARKING ASSIGNMENTS

At the conclusion of the 3rd 9-week grading period of each year, all rising juniors and seniors will be ranked using the Johnnie Pride formula that considers each student's cumulative GPA, and attendance and discipline from the previous 4 grading periods. Students will then be allowed to select their preferred parking space for the following school year based on their Johnnie Pride score (highest scores select first). Once all spaces have been selected, the remaining students will be assigned to the overflow parking area(s).

ASSEMBLIES

Assemblies will be presented for the purpose of recognizing special achievements, presenting speakers, and encouraging school spirit. Students are required to attend assemblies. At all times, student conduct should be appropriate.

SECTION II: ACADEMICS

MINIMUM NUMBER OF CLASSES

All JHS Students must be enrolled in a minimum of 5 full-credit classes in order to maintain full-time status. This may include any combination of face-to-face, online or College Credit Plus classes.

The purpose of a grade is to provide evidence of the extent to which the student has succeeded in mastering the required standards. CLASS RANK

The Board authorizes a system of class ranking, by grade point average, for students in grade(s) 9-12 including 8th grade credit for high school credit.

The grades of students transferring to the high school from a chartered school will be recognized; however, such students shall have no established class rank for purposes of graduation honors, such as Valedictorian, etc., until such time as they have completed four (4) semesters.

Students entering the high school from non-chartered or home-based schooling shall have no established grade point average (GPA) or class rank for purposes of graduation honors, such as Valedictorian, etc., until such time as they have completed four (4) semesters. No student shall be eligible for graduation honors, such as Valedictorian, etc. unless they have been enrolled for four (4) consecutive semester(s) prior to the final semester utilized for purposes of determining such honors.

PRINCIPAL'S ROLL

A student must earn all A's.

HONOR ROLL

A student must earn all A's and B's.

MERIT ROLL

A student must earn all A's, B's and one C.

GRADING PERIODS

Students shall receive a report card at the end of each 9-week period indicating grades for each academic class as long as all fees have been paid (parents and students should reference the online grade book).

COURSE SEQUENCE

Students must complete courses in sequence. Example: English 9 must be completed before a student is permitted to take English 10. Students who fail a course can take the course again through summer school or through the Johnstown High School online credit recovery program.

STANDARDS REFERENCED GRADING PRACTICES

In a standard referenced grading system, grades reflect what a student knows and can do in relation to grade-level standards. Grades based on standards help to improve students' achievement by driving educators to focus on four critical questions:

- **What do students need to know and be able to do?**
- **How will we know that they have learned it?**
- **What will we do when they have not learned it?**
- **What will we do when they already know it?**

Grades based on curriculum standards become triggers for action. Standards referenced grades help teachers plan their instruction so they can challenge and support all students. They help parents know the academic areas in which a student meets or exceeds expectations, needs challenges, or needs support. Understanding the definition of each of the following assessment types and how they are used will be essential for the student and parent.

Diagnostic Assessment takes place prior to instruction to determine a student's attitude, skills, or knowledge to identify students' needs.

Formative Assessment provides direction for review, re-teaching, and other adjustments for individual students or for the whole class. These assessments are *for* learning. Keeping progress on formative assessments separate from summative assessments gives a more precise picture of student achievement. While feedback on an assessment of a student's formative work is important, these scores will not be reflected in the student's grade. Also, although it is understood that student behaviors (effort, participation, attendance, academic dishonesty, adherence to school rules, etc.) may have a strong effect on outcomes, behavior/s will not be included in the student's grade. Behaviors will be referred to high school administration for violation(s) of the Student Code of Conduct. Grades will reflect achievement toward Ohio Content Standards, ACT subject areas, and/or the AP curriculum. For intervention purposes, the teacher will determine if reassessment on a formative is an option or a requirement.

Summative Assessment provides information to use to judge a student's achievement at the end of a period of instruction. These tests, exams, final drafts, performances, projects, etc., are assessments of learning. Students will have the opportunity to improve their grades by providing teachers with evidence of higher levels of performance. Students must initiate communication with teachers to begin the process of reassessment. Any student who receives below a score of 60% on a summative assessment must reassess (this excludes end-of-semester assessments and end-of-course exams). Note: Each class will have at least 4 summative grades per quarter. In addition, there will be a comprehensive end-of-semester exam at the conclusion of the first semester that will not have the reassessment option. For full year courses there will also be a comprehensive end-of-course exam wherein reassessment will also not be an option.

Reassessment Policy: Students scoring above 79% on the original summative assessment will not be able to reassess. Only students scoring 79% or below will have the opportunity to reassess if they follow the procedure outlined in this section for reassessment. If reassessing, the highest score a student can receive on a summative reassessment will be 80% (Note: During reassessment, the higher of the two scores will be used as the final grade for that assessment). Students must complete interventions assigned by the teacher before reassessment. Students will have 1 week and 1 opportunity to reassess (Clarification: within 1 week of the date the original assessment was returned to the student).

It is at the discretion of the teacher as to whether all or part of the original assessment will be reassessed. Reassessment format (written, oral, etc.) will also be at the discretion of the teacher. Reporting achievement separately from behaviors means that everyone can know as accurately as possible what a grade means in terms of achievement and how allied behaviors may be affecting student performance.

In addition to the above, students must comply with all additional individual course syllabus requirements pertaining to reassessment policies for that course. All courses will require remedial intervention to ensure concepts are learned by the student and may require that some or all of the formative assignments be completed prior to the first summative assessment in order to be eligible to reassess. This intervention must be completed prior to a reassessment opportunity which must occur within 1 week of the due date or within 1 week of the date the original assessment was returned to the student. In the case of prolonged absences (medical, court issues, etc.), the student will be allowed 1 week from the date they return to complete the assessment/reassessment missed (Depending on the length of the absence, this could be extended per administrative decision). This must be arranged with the teacher and/or administrator of the high school.

Homework Philosophy

Homework is a constructive tool in the teaching and learning process when well matched to the learning needs and abilities of the students. Homework provides opportunities to apply learning and to experience necessary practice. Homework promotes student responsibility and accountability by developing work habits essential for succeeding in life. Homework offers teachers, parents, and students the opportunity to be involved in and to support the learning process outside of school. To move our students, forward in the learning process, teachers will assign

consistent, appropriate, and meaningful homework. Homework may be used as the intervention prior to reassessment. Homework may be a summative assessment, as determined by the teacher.

Late Work

Reducing points for late work distorts the achievement record the grade is intended to communicate and can actually harm student motivation. In order to reduce or eliminate the problem of late work, support systems have been put into place (S.M.A.R.T. periods, lunch intervention, extended intervention, before and after-school programs). Students and parents should note that JHS wants students to exhibit responsibility and submit assessment evidence in a timely manner; therefore, teachers will keep records of students' timeliness and may report on this behavior through an Office Referral Form for Discipline. Teachers also will assign behavior consequences as they would for any other unacceptable classroom behavior. Direct parent contact is necessary, especially if the lateness is chronic. Students who are late with assessment evidence will be required to come in before school, during a specifically designed S.M.A.R.T. period, during lunch intervention, after school, or at any time which may be arranged where they will receive the assistance and time, they need to complete the assessments successfully. In standards referenced grading, late work is an issue for disciplinary consequences, not academic consequences.

Using Zeros in Summative Assessments

In the past, zeros were most commonly found in teachers' grade books when students failed to turn in or make up assignments. In standards-based grading, a grade of "Insufficient Evidence" will be assigned until the assessment is completed. (Students will have 1 week and 1 attempt to assess/reassess). Students will be assigned to intervention in order to fulfill requirements related to reassessment. Students that do not attempt to do the assignment or assessments will receive an "IE" (insufficient evidence). An "IE", if not cleared within 1 week of due date, will result in an "F" for that assignment/assessment.

Effort

Part of the task assigned to teachers is to critique the student's work. The amount of effort required to complete the tasks will also be critiqued. Students that do not put forth sufficient effort to complete assignments/tasks may receive discipline at the discretion of the teacher.

Extra Credit or Use of Bonus Points

Giving extra credit or bonus points distorts a student's grade. The purpose of a grade is to communicate a true and accurate achievement level for each individual student. Extra credit and bonus points only disguise the student's achievements and so will not be applied to change a grade.

Attendance and/or

Absences will be reported separately from grades. It must be stressed that students need to be present in class to be successful in their learning; however, standards-referenced instruction is not just about seat time. Standards-referenced learning is about what students know, understand, and are able to do. Students who are considered truant will be held accountable through the attendance policy in the student handbook.

Incomplete Grades

When evidence of student achievement is missing, teachers decide whether there is sufficient evidence to determine a grade, and, if it is determined that sufficient evidence does not exist, an incomplete will be assigned. An incomplete grade will have the same ramifications as an F.

Academic Dishonesty Policy

Academic dishonesty will not be tolerated. Students will redo any assessment that involves academic dishonesty for the teacher to be able to effectively guide his/her instructional practice, however the student will not receive credit for the assignment, nor will the student have the opportunity to reassess that assessment. Academic dishonesty includes plagiarism cheating.

Exam Exemptions

All summative assessments are important to determine what students understand, know, and do. Therefore, students in classes operating under standards-referenced grading practices will not be permitted to exempt any Summative Assessment or exam.

Academic Letter

To earn an Academic Letter, the student must earn at least a 4.0 grade point average for each 9-week grading period.

Electronic Grade Book for Parents

PowerSchool is a web-based program that allows parents/guardians and students to access classroom information using the internet. Parents/Guardians and students have access to view attendance, grades, and messages from teachers. The information will be updated no less than every week. Parents/Guardians and students can securely access via the internet with a login name and password. Students and parents/guardians may not have the same usernames and passwords. A student's information, generally, can be viewed from any computer that has internet access. This access is provided as a service for parents and students – no warranty is expressed or implied. Please contact the guidance office secretary if you do not know your login name or password.

Students who are deemed to be on track and otherwise eligible for early graduation will be placed on the senior graduation list and eligible for senior events and honors. A student who is not deemed eligible for early graduation can reapply for early graduation the next semester. **Early graduates are not eligible for valedictorian or salutatorian status.**

VALEDICTORIAN AND SALUTATORIAN

Valedictorian and Salutatorian will be determined by the final average at the end of the senior year. EDUCATIONAL OPTIONS

COLLEGE CREDIT PLUS (CCP)

Eligible students can take a course and earn high school and college credit that appears on both their high school and college transcripts.

To be eligible, students must meet the admission standards of the participating college or university to which they apply for enrollment.

Credit Flexibility

Ohio's plan for credit flexibility is designed to broaden the scope of curricular options available to students, increase the depth of study possible for a particular subject, and allow tailoring of learning time and/or conditions.

Students may earn credits by:

- Completing coursework.
- Testing out of or demonstrating mastery of course content; or
- Pursuing one or more "educational options" (e.g., distance learning, educational travel, independent study, an internship, music, arts, after-school/tutorial program, community service or other engagement projects and sports).

Students interested in College Credit Plus and Credit Flexibility options should schedule a time to meet with the high school guidance counselor.

Johnstown Online Education Option

The Board of Education recognizes the need to provide alternative means by which students achieve the goals of the district. Educational options are learning experiences or activities that are designed to extend, enhance, supplement, or serve as an alternative to classroom instruction. These options may include distance learning, on-line coursework, tutorial programs, independent study, correspondence courses, educational travel, project portfolios, internships, mentorship programs, summer school, and early college entrance.

Prior approval of the educational option application by the principal shall be required before a student participates in one (1) of the available educational options. Prior permission of a parent or guardian shall also be required before a student under age eighteen (18) participates in one (1) of the available educational options.

Participation in an educational option shall be in accordance with an instructional and performance plan which will be developed based on the individual student's needs. The instructional plan will include:

- A. instructional and performance objectives that align with District's curriculum requirements.
- B. a description of the criteria and method for assessing student performance.
- C. an outline of specific instructional activities, materials and learning environments.

Participation must be subject to the oversight of a credentialed teacher who will review the instructional plan which may include providing, supervising, or reviewing instruction or learning experiences, and the evaluation of student performance. Credit for approved educational options shall be assigned according to student performance relative to stated objectives of the approved instructional and performance plan and in accordance with District policy and established administrative guidelines. Students that fail an online course must retake the entire course from the beginning. All students that choose not to complete the entire course will receive a zero for each assignment missed which will subsequently be averaged with the remaining assignments for a final grade. Each online class must also be completed within the semester it was assigned.

If online courses will be used for athletic eligibility (one of the mandatory 5 classes) students must complete at least 25% of each course each quarter in order to meet the athletics requirement.

*Please be advised that some correspondence courses available outside the school are not sanctioned by the NCAA.

The district also offers a number of credit recovery options, which include summer school. Students who are credit-deficient are encouraged to meet with the high school guidance counselor to discuss credit recovery options.

A student shall not harass, bully, haze, persecute, intimidate, abuse or participate in any act that injures, degrades or disgraces any student, staff member or other school employee. This prohibition includes aggressive behavior, physical, verbal and psychological abuse, and violence within a dating relationship.

This policy has been developed in consultation with parents, District employees, volunteers, students, and community members as prescribed in R.C. 3313.666 and the State Board of Education's Model Policy.

Harassment, intimidation, or bullying means:

A. any intentional written, verbal, electronic, or physical act that a student or group of students exhibits toward another particular student(s) more than once and the behavior both causes mental, or physical harm to the other student(s) and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s); or

B. violence within a dating relationship.

"Electronic act" means an act committed through the use of a cellular telephone, computer, pager, personal communication device, or other electronic communication device.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well-being. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, color, national origin, marital status, or disability. It would include, but not be limited to, such behaviors as stalking, bullying/cyberbullying, intimidating, menacing, coercion, name calling, taunting, making threats, and hazing.

Harassment, intimidation, or bullying also means cyberbullying through electronically transmitted acts (i.e., internet, e-mail, cellular telephone, personal digital assistance (PDA), or wireless hand-held device) that a student(s) or a group of students exhibits toward another particular student(s) more than once and the behavior both causes mental and physical harm to the other student and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s).

Any student or student's parent/guardian who believes s/he has been or is the victim of aggressive behavior should immediately report the situation to the Building Principal or assistant principal, or the Superintendent. The student may also report concerns to teachers and other school staff who will be responsible for notifying the appropriate administrator or Board official. Complaints against the Building Principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports may be made to those identified above.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated. The Building Principal or appropriate administrator shall prepare a written report of the investigation upon completion. Such report shall include findings of fact, a determination of whether acts of harassment, intimidation, and/or bullying were verified, and, when prohibited acts are verified, a recommendation for intervention, including disciplinary action shall be included in the report. Where appropriate, written witness statements should be attached to the report.

If the investigation finds an instance of harassment, intimidation, and/or bullying/cyberbullying by an electronic act or otherwise, has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This may include suspension or up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to as law enforcement officials.

If, during an investigation of a reported act of harassment, intimidation and/or bullying/cyberbullying, the Principal or appropriate administrator believes that the reported misconduct may have created a hostile learning environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Principal will report the act of bullying and/or harassment to one of the Anti-Harassment Compliance Officers so that it may be investigated in accordance with the procedures set forth in Policy 5517 – Anti-harassment.

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as aggressive behavior. Retaliation may result in disciplinary action as indicated above.

Deliberately making false reports about harassment, intimidation, bullying and/or other aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Deliberately making false reports may result in disciplinary action as indicated above.

If a student or other individual believes there has been aggressive behavior, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

The district shall implement intervention strategies (AG 5517.01) to protect a victim or other person from new or additional harassment, intimidation, or bullying and from retaliation following such a report.

This policy shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, which is conducted at appropriate times and places during the school day and is protected by State or Federal law).

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken. If after investigation, acts of bullying against a specific student are verified, the Building Director or appropriate administrator shall notify the custodial parent/guardian of the victim of such finding. In providing such notification care shall be taken to respect the statutory privacy rights of the

perpetrator of such harassment, intimidation, and/or bullying.

If after investigation, acts of harassment, intimidation, and/or bullying by a specific student are verified, the Building Director or appropriate administrator shall notify in writing the custodial parent/guardian of the perpetrator of that finding. If disciplinary consequences are imposed against such student, a description of such discipline shall be included in the notification.

Complaints

Students and/or their parents/guardians may file reports regarding suspected harassment, intimidation, or bullying. Such reports shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator, and they shall be promptly forwarded to the Building Director for review, investigation, and action.

Students, parents/guardians, and school personnel may make informal or anonymous complaints of conduct that they consider to be harassment, intimidation, and/or bullying by verbal report to a teacher, school administrator, or other school personnel. Such complaints shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. A school staff member or administrator who receives an informal or anonymous complaint shall promptly document the complaint in writing, including the information provided. This written report shall be promptly forwarded by the school staff member and/or administrator to the Building Director for review, investigation, and appropriate action.

Individuals who make informal complaints as provided above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. Anonymous complaints shall be reviewed and reasonable action shall be taken to address the situation, to the extent such action may be taken that (1) does not disclose the source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of harassment, intimidation, and/or bullying.

When an individual making an informal complaint has requested anonymity, the investigation of such a complaint shall be limited as is appropriate in view of the anonymity of the complaint. Such limitation of investigation may include restricting action to a simple review of the complaint subject to receipt of further information and/or the withdrawal by the complaining student of the condition that his/her report be anonymous.

Privacy/Confidentiality

The School District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law.

Reporting Requirement

At least semi-annually, the Superintendent shall provide to the President of the Board a written summary of all reported incidents and post the summary on the district web site (if one exists). The list shall be limited to the number of verified acts of harassment, intimidation, and/or bullying, whether in the classroom, on school property, to and from school, or at school-sponsored events.

Allegations of criminal misconduct and suspected child abuse will be reported to the appropriate law enforcement agency and/or to Child Protective Services in accordance with statute. District personnel shall cooperate with investigations by such agencies.

Immunity

A School District employee, student, or volunteer shall be individually immune from liability in a civil action for damages arising from reporting an incident in accordance with this policy and R.C. 3313.666 if that person reports an incident of harassment, intimidation, and/or bullying promptly, in good faith, and in compliance with the procedures specified in this policy. Such immunity from liability shall not apply to an employee, student, or volunteer determined to have made an intentionally false report about harassment, intimidation, and/or bullying.

Notification

Notice of this policy will be annually circulated to and posted in conspicuous locations in all school buildings and departments within the district and discussed with students, as well as incorporated into the teacher, student, and parent/guardian handbooks. At least once each school year a written statement describing the policy and consequences for violations of the policy shall be sent to each student's custodial parent or guardian.

The policy and an explanation of the seriousness of bullying by electronic means shall be made available to students in the district and to their custodial parents or guardians.

State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedures.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of aggressive behavior, including bullying and violence within a dating relationship. The Superintendent or designer shall provide appropriate training to all members of the School District community related to the implementation of this policy and its accompanying administrative guidelines. All training regarding the Board's policy and administrative guidelines about aggressive behavior and bullying in general, will be age and content appropriate.

Annually, the District shall provide all students enrolled in the district with age-appropriate instruction regarding the Board's policy, including a written or verbal discussion of the consequences for violations of the policy to the extent that State or Federal funds are appropriated for this purpose.

Students in grades seven (7) through twelve (12) shall receive age-appropriate instruction in dating violence prevention education, including instruction in recognizing dating violence warning signs and characteristics of healthy relationships. Parents, who submit a written request to the Building Director to examine the dating violence prevention instruction materials used in the school, will be afforded an opportunity to review the materials within a reasonable period of time.

The district shall provide training, workshops, and/or courses on this policy for school employees and volunteers who have direct contact with students, to the extent that State or Federal funds are appropriated for these purposes. Time spent by school staff in these training programs shall apply toward mandated continuing education requirements.

In accordance with Board Policy 8462, the Superintendent shall include a review of this policy on bullying and other forms of harassment in the required training in the prevention of child abuse, violence, and substance abuse and the promotion of positive youth development.

The Superintendent shall develop administrative guidelines to implement this policy. Guidelines shall include reporting and investigative procedures, as needed. The complaint procedure established by the Superintendent shall be followed.

18. Attendance

Students shall comply with school attendance requirements. No student shall be absent without school authorization and parental consent. Unexcused absences and repeated tardiness to school or classes may result in disciplinary action.

19. Forgery/Falsification/Misrepresentation

No student shall forge the name of another person or falsify other information whether orally or in writing.

20. Unauthorized Entry to any Part of District Buildings without Permission
