

Johnstown Middle School is seeking a certified, after-school Math tutor whose primary responsibilities will include:

- *meeting with students after school (2:25pm-4:25pm) to discuss and review Math coursework.*
- *assisting students with homework and teaching them how to perform the calculations needed to complete their assignments.*
- *teaching students basic classroom skills, such as note-taking, studying, and test-taking.*
- *teaching students various mathematical concepts, processes, and computations.*
- *preparing students for tests by providing samples questions and showing them how to find the solutions.*
- *offering encouragement and support to keep students motivated and ready to learn.*
- *keeping records of student attendance.*

Interested, licensed candidates should email a resume and letter of interest to Johnstown Middle School Principal, Kris Almendinger, at kalmendinger@jmk12.org.
