

Make a chart like the one below. I inserted a 3X4 table. The task is worth 6 points. Go beyond minimal effort to earn full credit.

	British	American colonists
Costumes <i>Briefly describe, include details you noted about colors, pieces of clothing, etc.</i>		
Movement <i>How do the characters move on the stage? Walk? Dance? How would you describe this movement: quickly, slowly, etc., etc.? Individually, as a company?</i>		
Sound <i>What is the genre of music? (They talk about this in the videos a bit)            How many voices?            What instrument(s) do you hear?</i>		

Consider all these details you have brought together. What do the creators of *Hamilton* convey about the British through these production choices? What do they convey about the American colonists? Please write about 4 sentences explaining how these choices influence the audience's ideas about the two groups.

This short paragraph is worth 6 points. Use this checklist to help you determine the quality of your response.

- \_\_\_ Make claims about the portrayal of BOTH the British and the Americans.
- \_\_\_ Use details from the chart to help you explain your claims
- \_\_\_ Make clear connections/explanations to show how these details lead you to these ideas
