Rent To Own F.A.Q's

What ELSE Might I need?

- A Folding Music Stand \$12
- Extra reeds: 3-pack for clarinets (\$8) and saxophones (\$9).

Why RENT-TO-OWN vs. BUY an Instrument?

- School band instruments are crafted with quality materials and workmanship so they work well, sound good, and endure years of use. They are, therefore, not inexpensive.
- We offer top-quality, name-brand instruments, approved by your director and guaranteed by a real "brick and mortar" music store.
- The starting cost is low and regular rental rates start at only \$28 per month, depending on the instrument.
- There are NO financing or interest charges.
- Maintenance and repairs are included while you rent.
- You can return or exchange the instrument if your child changes his or her mind.
- Discounts for early payoff or upfront purchase are available (ask for details)

Who is C.A. House Music?

- We are a family-owned company based in Southeast Ohio in business since 1872.
- Our roots are in school band and orchestra, but we have expanded over the years to carry guitars, drums, keyboards, audio equipment, and accessories.
- Our school service representatives make weekly scheduled visits to your school's band director and offer free pick-up and delivery of repairs and accessories.
- We do repairs in-house with a one-week or less turn around on most.
