SCHEDULING PROCESS FOR THE SCHOOL YEAR 2020-2021

- March 23rd– Scheduling portal online goes live
 - Core classes are recommended from your current core teachers
 - Core classes may be changed
 - I will put out information on how to change your student's core classes at a later date.
- Master schedule will be built and schedules will be available for pick up some time in the summer (Dates and times TBA)

CURRICULUM OPTIONS

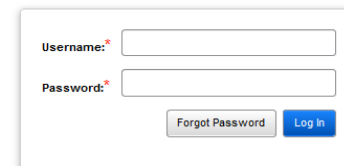

- CCP courses – students who are taking classes at the campus or online– We will work closely over the next several weeks to get things organized for CCP enrollment and registration. Be sure to review the CCP PowerPoint that can be found on the JHS Guidance Website. Reviewing this PowerPoint and completing the required forms, is mandatory for any student interested in taking CCP classes during the 2020-2021 school year.
- JOLT courses – Core classes are not permitted to be taken online. Students may take PE, Career Search, and Electives online. Seniors will be permitted to take math online as their 4th year of math.
- Credit Recovery options- If your student failed a core class during 1st semester, we have worked with your student on recovering that course during 2nd semester. If your student fails a course 2nd semester and/or fails to make up their course from 1st semester, they will have mandatory summer school time.
 - Summer school is mandatory for all students – 2 hours of lab time, per ½ credit failed, is required for all students until courses are completed and passed. Failure to recover any failed course will result in being ineligible to participate in sports, band, choir, chorale, apogee, field trips, and dances.

SCHEDULING ELECTIVES TODAY

- You will need to select 8 courses.
 - Do your best to select courses you would be interested in taking.
 - Not all electives you choose today will make it into your schedule.
 - Make sure you select Band, Choir, Spanish, and Agri-Science classes if you need those on your schedule.

HOW TO SCHEDULE YOUR COURSES

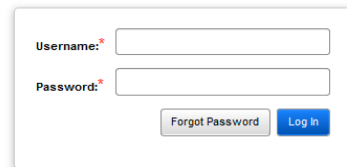

- Please use the link below to access the website to begin the registration process for the 2020-2021 school year.
- Students will use the username and password that was mailed home to them to access the website.
