

Hello everyone!

The 2020-2021 Choir Rosters have been posted!

Before you look at the list, I want to congratulate you all on having awesome auditions! I know that having virtual Zoom auditions wasn't ideal, but you all did great and you should be proud - your auditions were so good that I had been struggling for days on these decisions.

When you look at the list, please keep in mind that you are placed where we feel you can best contribute to the choir program at this time. You are placed based on your vocal talents and skills, but also on work ethic and leadership. You will notice on the list that I have decided to appoint section leaders for the upcoming school year in each ensemble. I want to give those opportunities to you so that we can see you step up as leaders within our program. If you do not see your name on this roster, you will be placed in Concert Choir for the 2020-2021 school year - once the Concert Choir rosters are confirmed, I will announce section leaders for Concert Choir; remember, you can be a leader in Concert Choir, too!

Please remember that you are ALWAYS auditioning. You audition during performances, rehearsals, and in the classroom every day, not just during the actual audition process. Keep this in mind as we begin the 2020-2021 school year.

I'm so blessed to have hard-working students like you in our choir program - thank you for your continued efforts! Keep up the good work, hang in there, and just keep singing! :)

Much love,
Miss Warner
