Please register by calling **(740) 522-1234, ext. 22**, or email TriplePSeminar@hotmail.com at least four days prior to program date.

You will receive a reminder and Zoom link prior to the program.

Do you want to:

- Develop stronger connections with your child?
 - Improve cooperation and self-regulation?
 - Help your children manage their own behavior?
 - Learn strategies to help your days run smoothly?
- If your answer is **“Yes!”** this workshop series is for you.

What are PAX Tools? PAX Tools are a collection of nine evidenced-based strategies to improve cooperation and self-regulation with children and youth. They draw on decades of science to create strategies that support parents, youth workers and caring adults to create a nurturing environment that helps kids thrive. **PAX Tools** are rooted in the same science as **The Good Behavior Game** used in many of our schools. The **PAX Tools** strategies, which have successful outcomes, are fun for children, teens and adults. This program is funded by Licking Memorial Health Systems and supported by Mental Health and Recovery for Licking and Knox Counties and by Our Futures in Licking County.
