|---|---|--|--|--|
| Play your instrument outside. (Front porch concert or back yard practice.)                            | <b>Perform a concert for a family member.</b>                             | <b>PLAY A SCALE TEN TIMES IN A ROW.</b>                                | Play songs that extend your upper register. (If you play bells, try a song with low notes)                 | Facetime with a friend in band & play a duet from your book.                     |
| <i>Try writing your own song! Write your melody in your practice notebook so you don't forget it!</i> | Watch a professional performance of someone on your instrument. (YouTube) | Download a metronome app and try practicing songs at different tempos. | Hop onto FLIPGRID and share a song with Mrs. Z in the "summer submissions" topic.                          | Learn a song from a YouTube Tutorial.  |
| Play all the notes in your songs today staccato.  | How fast can you play a scale? (up and down)                              | <i>Write down 2-3 new musical goals.</i>                               | <b>Pick a brand new song in the book and try to teach yourself in less than 20 minutes. (Set a timer!)</b> | Play along to a recording.   |
| <i>Email someone you admire</i>   | <b>Try to learn a new song in the book.</b>                               | Watch a YouTube video on how to take care of your instrument.          | <i>Keep a practice diary for a week.</i>   | Visit Mrs. Z's teacher webpage and discover something new. (video link or music) |
| <i>Create a new warm up exercise</i>  | <i>E-mail an idea for our band class to Mrs. Zirille.</i>                 | Memorize a song longer than 8 measures.                                | <i>Play a scale using a funky rhythm.</i>  | Play a song for an elderly person (over the phone or facetime)                   |
